# **POSITION DESCRIPTION**

POSITION TITLE: Head Nurse

**LOCATION:** Mangere, Auckland

**REPORTS TO:** Head Veterinarian

**DIRECT REPORTS:** Veterinary Nurses, Senior Veterinary Nurses,

Animal Attendants – Hospital Support

### **PURPOSE:**

Ensures that all animals are treated and cared for to the highest standards by leading and developing the vet nurses, students and volunteers in the effective and efficient care of animals in the village.

Provides leadership and management of services that are consistent with the 5 freedoms and promote animal welfare for all animals in the care of the SPCA.

To provide leadership with the implementation and compliance with animal care policies, procedures and practices within the SPCA within allocated resources available.

	KEY ACCOUNTABILITIES:	KE	Y RESPONSIBILITIES:
1.	Lead, develop and motivate a team of highly capable and competent vet nurses to ensure high standards of performance.	•	Develop the services of a high performing team, through effective recruitment of nurses, performance development, and leadership, in consultation with the Head Veterinarian.  Provides mentoring and support to all members of the nursing team and all animal attendants.  Ensures that animals are treated and cared for to the highest standards of performance and welfare.  Participates as a high performing team member, adhering to SPCA policies and procedures at all times.  Attends regular mentoring and training as requested by line manager.  Communicates effectively with all SPCA staff and volunteers ensuring animal welfare standards are maintained at the SPCA.  Ensures that veterinarians are notified of animals that require urgent assessments or follow up or care.  Complies with all professional requirements and training to maintain registration as a vet nurse.
			Promotes and represents the SPCA in a professional manner at all times.

Participates in animal welfare initiatives promoted by SPCA.  Maintain relationships with relevant professional bodies that will assist with providing on-going professional development in "best practice" vet nursing.  Provide appropriate vet nursing assessment and interventions for emergency situations and promote practices to achieve the maximum result for all animals in our care.  Ensure all animal interventions are performed in a safe and professional manner, ensuring both staff and animals are safe at all times.  Leads the team in reviewing and improving all vet nurse practices and ensures every team member follows these practices.  Works closely with students and volunteers to ensure they are trained in the required practices and regularly reviews compliance.  Ensures that animals are treated and cared for to the highest standards performance ensured in the required practices and regularly reviews compliance.  Ensures that animals are treated and cared for to the highest standards performance ensured in the required practices and regularly reviews compliance.  Ensures that animals are treated and cared for to the highest standards performance ensured in the required practices and regularly reviews compliance.  Ensures that animals are treated and cared for to the highest standards performance ensured in the required practices and regularly reviews compliance.  Ensures cost effective development and operation of nurse rosters.  Acts as the Radiation Safety Officer for the hospital.  Acts as the Radiation Safety Officer for the hospital.  Acts as the Radiation Safety Officer for the preparation of the surgical environment including instruments and drapes.  Provides assistance to veterinarians with anaesthetics, treatment and surgical procedures.  Provides assistance to veterinarians with anaesthetics, treatment and surgical procedures.
